Instructions: "A child may receive services from a local mental health authority in an inpatient or residential setting only after a commitment proceeding, for the purpose of transferring physical custody, has been conducted in accordance with the requirements of this section. That commitment proceeding shall be initiated by a petition for commitment, and shall be a careful, diagnostic inquiry, conducted by a neutral and detached fact finder, pursuant to the procedures and requirements of this section. If the findings described in Subsection (4) exist, the proceeding shall result in the transfer of physical custody to the appropriate local mental health authority, and the child may be placed in an inpatient or residential setting.

The neutral and detached fact finder who conducts the inquiry:(a) shall be a designated examiner, as defined in Subsection 62A-15-602(3); and (b) may not profit, financially or otherwise, from the commitment or physical placement of the child in that setting.
