Instructions: A local mental health authority or its designee is authorized to issue an order for the immediate placement of a patient not previously released from an order of commitment into a more restrictive environment, if the local mental health authority or its designee has reason to believe that the less restrictive environment in which the patient has been placed is aggravating the patient's mental illness or that the patient has failed to comply with the specified treatment plan to which he had agreed in writing. That order shall include the reasons therefor and shall authorize any peace officer to take the patient into physical custody and transport him to a facility designated by the division. Prior to or upon admission to the more restrictive environment, or upon imposition of additional or different requirements as conditions for continued release from inpatient care, copies of the order shall be personally delivered to the patient and sent to the person in whose care the patient is placed. The order shall also be sent of the patient's counsel of record and to the court that entered the original order of commitment. The order shall inform the patient of the right to a hearing, the right to appointed counsel, and the other procedures prescribed in Subsection 62A-15-631(9) (included below). If the patient has been in the less restrictive environment for more than 30 days and is aggrieved by the change to a more restrictive environment, the patient his representative may request a hearing within 30 days of the change. (9) (a) Before the hearing, an opportunity to be represented by counsel shall be afforded to every proposed patient, and if neither the patient nor others provide counsel, the court shall appoint counsel and allow counsel sufficient time to consult with the patient before the hearing. In the case of an indigent patient, the payment of reasonable attorney fees for counsel, as

determined by the court, shall be made by the county in which the patient resides or was found.

(b) The proposed patient, the applicant, and all other persons to whom notice is required to be given shall be afforded an opportunity to appear at the hearing, to testify, and to present and cross-examine witnesses. The court may, in its discretion, receive the testimony of any other person. The court may allow a waiver of the patient's right to appear only for good cause shown, and that cause shall be made a matter of court record.

(c) The court is authorized to exclude all persons not necessary for the conduct of the proceedings and may, upon motion of counsel, require the testimony of each examiner to be given out of the presence of any other examiners.

(d) The hearing shall be conducted in as informal a manner as may be consistent with orderly procedure, and in a physical setting that is not likely to have a harmful effect on the mental health of the proposed patient.

(f) (i) A local mental health authority or its designee, or the physician in charge of the patient's care shall, at the time of the hearing, provide the court with the following information:

(C) the diagnosis;

(D) any doctors' orders; (E) progress notes;

(F) nursing notes; and

(G) medication records pertaining to the current commitment.

(ii) That information shall also be supplied to the patient's counsel at the time of the hearing, and at any time prior to the hearing upon request.
